Can we automatically match your selfie and ID?
We, or our verification partner, can automatically match your selfie to your ID document.
We'll securely store your biometric data for up to 1 year, but no longer than we really need to.
16
If you prefer, our team will compare your selfie and ID document manually, but this might take longer.
For more on how we store and use your data, read our Facial Scan Privacy Notice and Privacy Policy.
